Keep Honest Nail Salons in Business

Message

Dear Governor Cuomo,

I very much appreciate all the efforts that your Task Force has undertaken to make nail salons safer for workers and customers. However, it is very important to differentiate between some "bad apples" and the thousands of nail salon owners who run honest, clean operations that treat their workers and customers right. I do not want the nail salon I patronize to go out of business (or its workers to lose their jobs) because of some government regulation that has not taken into consideration all the facts. Please work with the nail salon owners to come up with a fair, cost-effective solution that makes this a win-win situation for everyone involved.

Thank you!
